

ISIP Overview

Information for MSRP Consultants

ISIP

- Computer-adaptive testing (CAT) by istation
- Web-based administration of formative assessments and progress monitoring
- Written into the MSRP for students Preschool through Grade 10

MSRP use of ISIP

- ISIP will be used as:
 - **Baseline Assessment**
 - **Progress Monitoring Tool**
 - **Outcome Assessment**
- Consultant access to ISIP reports will be attained through school leadership or the assessment manager.

Exception to ISIP

- Districts currently using DIBELS or AIMSweb were allowed to opt out of purchasing ISIP
- These districts must have addressed this use in their grant application with justification for the continued use
- For more information regarding DIBELS or AIMSweb, please contact Kathi Tiefenthaler at ktiefenthaler@mt.gov or 406-444-1872

MSRP Assessment Windows

- February 6-29, 2012

Winter 2012

Spring 2012

- May 7-25, 2012

ISIP Overview Video

- The State of Montana has provided the Office of Public Instruction with the use of a recorded webinar that provides a comprehensive overview of the ISIP program ***The video covers parts of the ISIP program that will not be used in Year 1 of the MSRP*
- The section regarding the ***Española*** of ISIP will not apply to Montana and the ***Teacher Directed Lessons for Small Group*** will not apply to year 1
